

INDUSTRY SOLUTIONS

IDEAL FOR ALL SECTORS

MTF's SME cloud is the optimal solution for every industry. We assist countless sectors with our cloud data centers. All industry solutions can be integrated. We even have the right solution for graphically demanding applications (e.g. CAD). Support for third-party manufacturers is also available. Having integrated so many industries, we have extremely broad knowledge of different sectors.

ADVANTAGES

- ✔ VERY BROAD AND IN-DEPTH KNOW-HOW IN COUNTLESS INDUSTRIES
- ✔ ALL THE IT IS AT MTF DATA CENTERS IN SWITZERLAND
- ✔ SERVER, DESKTOP AND APPLICATION VIRTUALIZATION
- ✔ BRING-YOUR-OWN-DEVICE STRATEGY POSSIBLE
- ✔ MINIMAL INFRASTRUCTURE ON SITE THANKS TO THIN CLIENTS
- ✔ A MINIMAL INTERNET CONNECTION IS REQUIRED: ONLY IMAGES ARE TRANSFERRED
- ✔ A UNIFORM, HIGH-PERFORMANCE WORKING ENVIRONMENT

INDIVIDUAL INDUSTRY SOLUTIONS

In general, our cloud services are suitable for all SMEs that don't want to have their own IT. Thanks to 10 years' experience in professional cloud computing, we now assist more than 100 companies in countless industries with a wide variety of demands: Customers with field offices, customers who don't want to have anything to do with IT, customers that have their own IT, but don't want to have any hardware in house, customers with high security requirements, customers with field offices around the globe, customers that want to remain unrestricted geographically, technology companies that require state-of-the-art IT, fast-growing companies, and companies that prefer to have fixed, calculable costs.

We have already integrated countless different industries into the cloud:

- Finance companies
- Auditors and legal practices
- Real estate management companies
- Architectural offices
- Industrials
- Auto traders
- Insurance companies
- Pharmaceuticals
- Service providers
- Agencies
- Associations and foundations
- Schools
- Tourist offices
- Local authorities
