

IT CLOUD SOLUTION FOR HIGHEST DEMANDS WITH THE MTF PRIVATE CLOUD

KEBO AG is considered one of the industry leaders in the global business segment for high-performance injection moulds for medical/pharmaceutical applications and food packaging. With its own production and test infrastructures in Switzerland, KEBO AG strives for the highest quality and long-term products. They also expect these quality standards from their cloud partner and therefore decided to implement the IT cloud solution with MTF. The implemented solution enables CAD drawings from the cloud and team collaboration with Office365 at the highest level.

HIGHLIGHTS

- ✔ **CLOUD SOLUTION FOR LOCATION-INDEPENDENT CAD DRAWING**
- ✔ **SEAMLESS INTEGRATION WITH OFFICE365 FOR OPTIMAL TEAMWORK AND COLLABORATION**
- ✔ **TRANSPARENT, FIXED MONTHLY COSTS AND LOW ONE-OFF INVESTMENTS**
- ✔ **REDUCE IT EXPENSES THROUGH CONSOLIDATION AND UNIFICATION**
- ✔ **DATA IN HIGHLY SECURE, ENCRYPTED PRIVATE CLOUD FROM MTF**
- ✔ **COMPLETE IT SOLUTION FROM THE CLOUD, NO MORE LOCAL IT REQUIRED**

DIGITIZATION AT THE HIGHEST LEVEL

CHALLENGE

KEBO AG is the industry leader in injection moulding technology. This high quality standard is the basis for internal and external cooperation. With its comprehensive network of the most important manufacturers and specialists in its industry, KEBO AG ensures that its customers benefit from the latest technologies and the latest achievements. KEBO AG operates globally from its location in Neuhausen, where production is also located. Due to its global activities, the company's employees are required to be able to access the desired data at any time and securely, regardless of location. For the high-performance CAD system used in development, the desired performance must also be ensured in the new cloud environment.

SOLUTION

Our cloud desktop solution corresponds exactly to the high requirements of KEBO AG. Thanks to the georedundant and highly secure private cloud, location-independent working and data security is guaranteed at all times. With the integrated CAD solution in the private cloud, we meet KEBO AG's requirements for a high-performance system and achieve the highest performance even with resource-intensive CAD applications. The further integration of the Office365 solution is a further component of the new IT cloud solution, which provides efficient and secure collaboration with all parties. Thanks to the certified Swiss private cloud from MTF, business-critical data is secured and accessible at all times.

KEBO AG

KEBO AG is a typical Swiss SME with headquarters in Neuhausen and 75 employees. The management is personally committed and makes decisions independently of external stakeholders. The products are manufactured entirely within the company in Neuhausen. For 40 years, "Made in Switzerland" at KEBO AG has been the result of sound training and further education, a high degree of personal responsibility of the employees and the high level of personal commitment of all those involved.
