

MANAGED CLOUD SERVICES

FULL-SERVICE IT IN THE CLOUD

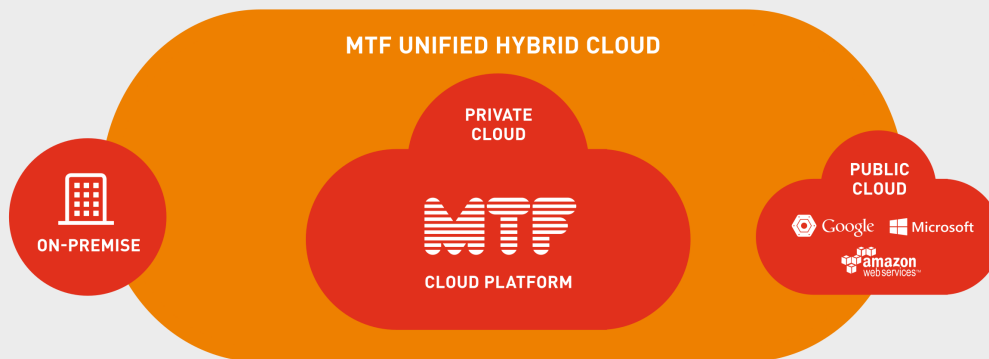

Let us handle your IT. We'll build your infrastructure in our data center, you access all the functions via the cloud – without forfeiting comfort, but with complete functionality. Our managed cloud services handle your infrastructure, operating systems, applications and resources. Thanks to our equally comprehensive and high-quality support, you use your IT like plugging into a wall socket.

YOUR ADVANTAGES

- ✔ **WORRY-FREE IT – LIKE PLUGGING INTO A WALL SOCKET**
- ✔ **COMPLETE IT OUTSOURCING**
- ✔ **THE MTF CLOUD CENTER IS AMONG THE TOP FIVE PROVIDERS IN SWITZERLAND**
- ✔ **SWITZERLAND-WIDE SERVICE WITH 13 OFFICES**
- ✔ **CLOUD PROVIDER INDEPENDENT**
- ✔ **ALL INDUSTRY APPLICATIONS SUPPORTED**

MANAGED CLOUD SERVICES FOR WORRY-FREE IT

MTF's managed cloud services provide a complete range of services for public, hybrid as well as private cloud environments. MTF's cloud service is integrated seamlessly and independently of manufacturer and cloud provider.

A COMPREHENSIVE PORTFOLIO

MTF TAKES OVER COMPLETE RESPONSIBILITY

We take responsibility, monitor, operate and coordinate. You get your IT like plugging into a wall socket.

- A single point of contact
- Worry-free IT
- IT as a service

ALL FROM A SINGLE PROVIDER

Our single-point-of-contact approach enables you to have a single contact person for all your needs.

- Third-party manufacturers and industry solutions are not a problem
- Switzerland-wide coverage for on-site services
- More than 15 years' experience in cloud business

INDUSTRY INDEPENDENT AND FLEXIBLE

Whether you want only individual cloud services or to have your entire IT landscape in the cloud, we offer you an overall package.

- Flexible cloud integration
- Private, public or hybrid cloud solutions
- Complete integration of your entire IT landscape
