- ✔ LOGISTICAL SERVICES WITH STAGING ARENA (500 CLIENTS/DAY)

COMPLETE CLIENT MANAGEMENT

MTF offers an extensive portfolio of products and services, ranging from comprehensive client management, logistics and provisioning services, rollouts and migration to software distribution solutions and even completely virtualized workplaces.

A COMPREHENSIVE PORTFOLIO

ROLLOUT & MIGRATION

You can rely on the extensive know-how of our experienced specialists. They're there to answer any questions you may have, and provide competent support.

- Advice, planning and implementation of rollouts
- Client installation, migration and replacement

MOBILE SOLUTIONS

MTF simplifies corporate mobility and the management of all types of end-user devices, such as smartphones, tablets and laptops.

- Advice, planning, integration and operation
- Mobile device management (MDM) solutions
- Mobile application management (MAM) solutions

SOFTWARE DEPLOYMENT

The use of a smart software deployment solution minimizes the per-client cost and work by your company.

- Planning and implementation of a software deployment solution
- Software packaging and automation
- Uniform management of policies and rules
